HOME WORK SUMMER VACATION 2020

Homework Instructions:

- 1 Due to variety of subjects' combinations all the subjects are compiled in a single file. Students are advised to do the work of the subjects they are taking in their respective classes.
- 2 Students have to complete their work as per their teachers' instructions.
- 3 The homework is compiled for two complete months; April and May, and the weekly breakup is done.
- 4 Students must submit their work to their respective teachers on given email addresses, already provided in the homework, within following time frames:
N.B: Late submission will not be accepted.
 - First two weeks' work: April 16 to April 19, 2020
 - Second two weeks' work: May 01 to May 05, 2020
 - Next two weeks' work: May 18 to May 20, 2020
 - The last two weeks' work: June 02 to June 05, 2020
- 5 Homework would carry 50% weighting for getting the child promoted into his/her next grade. The other 50% would be taken together from the first and the second term assessments held till the time of school's closure that is March 15, 2020.
- 6 Students are encouraged to contact their teachers for assistance required to do their homework.

Week 1

Topic: Sound and Hearing

Q.1 Study page no 264 from text book and complete page no 265 .

Q.2 Complete Q .no 5 and Q.no6 from book no 268

Q.3 Choose the correct answer:

1. Large empty room often sounds

- A. full
- B. hollow
- C. noisy

2. For communication astronauts use radio because

- A. sound travels at very high speed in vacuum
- B. sound does not travel in vacuum
- C. vacuum repels sounds

3. Sound is measured by units that are called

- A. Hertz (Hz)
- B. Decibels (dB)
- C. Meters (m)

4. The loudness of sound is also known as

- A. amplitude
- B. wave front
- C. volume

5. Sound is created by our vocal cord due to

- A. air in lungs

SECONDARY / A LEVEL SECTION

HOME WORK SUMMER VACATION 2020

- B. cilia in the throat
C. vibration in throat
6. The mixture of high and low sounds is called a
- A. rhythm
B. bass effect
C. beat effect

Week 2

Topic: Light

- Q.1 Define the following
- luminous and non-luminous object
 - Transparent materials
 - Translucent materials
 - opaque materials
- Q.2 Draw a ray, parallel beam of light, divergent beam of light, convergent beam of light
From book page no 220
- Q.3 What is reflection of light? Book page no 227
Draw incident ray, reflected ray, angle of incidence and angle of reflection from book
page no 227

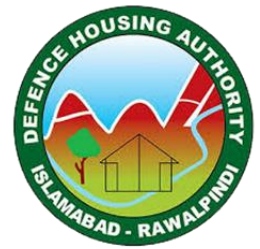

Week 3

- Q.1 Explain the two laws of reflection.
- Ans The laws of reflection are as follows:
- The incident ray, the reflected ray and the normal to the reflecting surface at the point of the incidence lie in the same plane
 - The angle which the incident ray makes with the normal is equal to the angle which the reflected ray makes to the same normal.
- Q.2 Explain regular and irregular reflection with a diagram. Page no 229

Week 4

- Q.1 What are the uses of plane mirrors, convex mirrors, and concave mirrors.
- Q.2 What is refraction of light? Page no 237, 238
- Q.3 What is spectrum of white light?
- Q.4 What is dispersion of white light?

Week 5

- Q.1 Do question no 1 and 2 from book page no 249.
- Q.2 Complete the diagram page no 250 Q.no 10
- Q.3 Explain the structure of human eye
 - i. cornea, iris, pupil, lens, retina, cone cells, rod cells, optic nerve, blind spot
- Q.4 Draw the structure of human eye.

Week 6 and 7

Reinforcement sheets

- Q.1 Read chapter no 10 light .
Choose the correct answer
- 1. Cyan, yellow and magenta are
 - a. primary colors b. secondary colors c. white colors
- 2. Reflection obtained from a smooth surface is called a
 - a. regular reflection b. irregular reflection c. both a and b
- 3. The way of light is always in a
 - a. bend path b. straight line c. convergent path
- 4. Angle between incident ray and normal ray is called the angle of
 - a. reflection b. refraction c. incident
- 5. Virtual and laterally inverted images are produced by a
 - a. plane mirror b. glass c. camera
- 6. The image formation in human eye is
 - a. cornea b. retina c. lens
- 7. A tube containing two or more plane mirrors inclined at certain angles to each other is called
 - a. microscope b. telescope c. kaleidoscope

SECONDARY / A LEVEL SECTION

HOME WORK SUMMER VACATION 2020

8. The splitting of white light in to its components colours is called
 - a. reflection
 - b. dispersion
 - c. refraction
9. When light is refracted through glass prism it will give
 - a. rainbow colours
 - b. primary colours
 - c. cool colours
10. The bouncing off or returning of light after striking a surface is called
 - a. reflection
 - b. refraction
 - c. transmission

Reinforcement worksheet

Topic : Sound

Q1. Choose the best answer.

1. The hammer, anvil, and stirrup are three tiny bones found in the
 - (A) outer ear (B) middle ear (C) inner ear (D) cochlea
2. When sound travels through the air, the air particles
 - (A) do not vibrate (B) vibrate in all directions
 - (C) vibrate in the direction of the sound wave (D) vibrate up and down
3. The pitch of a sound is how
 - (A) pleasant it is (B) high or low it is (C) loud it is (D) far away it is
4. The loudness of a sound is called its
 - (A) pitch (B) frequency (C) amplitude (D) measurement
5. The instrument used to show the loudness or amplitude of a sound is called a
 - (A) endoscope (B) microscope (C) telescope (D) oscilloscope

Q2. Look at the diagrams of the musical instruments. The three diagrams show some ways of producing sounds.

- (a) For each diagram name the part which is vibrating.
- (i) The vibrating part of a guitar is _____ .
 - (ii) The vibrating part of a drum is _____ .
 - (iii) The vibrating part of a recorder is _____ .

- (b) Most people can hear sounds of pitch ranging from _____ to 20,000 vibrations every second.
- (c) What is the name for sounds that have a pitch higher than 20,000 vibrations every second?.....

April-May 2020

Note: Time for all the tasks is 8 weeks.

Project 1:

Do research about blogging under the supervision of your parents” How to create blog in a Word Press or Blogger”. Select an interesting topic that you all feel passionate about and also one that you think other people will want to read and enjoy. Consider what needs to go in your first blog. Do you need to introduce your topic and yourself? Make sure you include at least one visual to support your ideas.

Project 2:

Tool: Ms Excel

Choose 4 international footballers from four different countries.

Carry out a small research project and find out the number of:

Times these players have played for their national teams.

Times they have played for their current clubs.

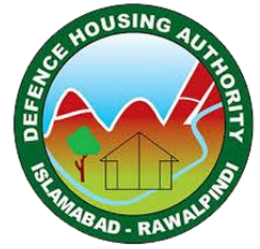

Goals they have scored for their national and club teams.

Using this information, create a worksheet to calculate the average number of goals and the most number of goals scored by each player. Find out which player scored the highest number of goals and compare your findings with other friends.
